HYDROPONIC PEPPERS

From Ontario.

Our hydroponic pepper grower is now in full production. They are the absolute best around. The peppers have solid thick walls, and you would also like to know they use the minimal of pesticides in their operation.

OUR GARDEN CENTRE HAS COLOUR!

Our pansy bowls are just about done, and now we look forward to plants we can actually plant in our garden or patios. We will have a small variety of herbs, perennials and hanging baskets to choose from to start. But next week, look out, we will have a full greenhouse! This is a very exciting time of year!

OUR ITALIAN SAUSAGES
4.99
LB

Of all the many sausage varieties we make, our Italian is by far the most popular we make. We season them just right, and with a touch of rosemary. For you of those who do not care for fennel, we make a mild version without.

CLUSTER TOMATOES
From Ontario.

With the days of sunlight getting longer and stronger, so do the flavour of our locally grown cluster tomatoes. During the winter, we have to resort to grow lights to keep the plants growing, but as you can imagine it's no substitute for the real thing. They look fantastic.
