**RED PRINCE APPLES**  
From Ontario.

Red Prince Apples could be compared to fine wine. They are picked in the fall, and although they are delicious then, they get even better over time. This is a truly Canadian apple, grown in The Blue Mountains in Ontario. Be the first to get your hands on them this week, they are a crisp winter treat.

LB  
OUR CHEDDAR SAUSAGES

This was always a favourite at our home when our kids "once upon a time" were there. We start with fresh lean ground pork, and some extra old cheddar to get the maximum amount of flavour. When they are done cooking, it's best to let them rest before devouring them as the cheese could still be hot.

## MEAT SPECIALS

**INDIAN RIVER GRAPEFRUIT**

From USA.

Grapefruit has gotten bad press for interfering with some medications. It's too bad because not only are they really good for you, they're amazing to eat. You'll find the skin to be thin, but it has lots of juice, and full of natural sugary sweetness.

**DINO MELONS**

These unusual looking melon is actually called Moon or Snow Ball Melon. The exterior rind gives a look of a dinosaur egg, and what you'll find inside is a whiter flesh, and a hint of pear and honey taste. I'm hooked after trying one, I think you will be too.

## GROCERY SPECIALS
