SWEET BLACKBERRIES

From Mexico or USA.
 Of all the berries we sell, blackberries tend to get overlooked and shouldn't be. They have a higher fibre content, higher in Vitamin C, and lower glycemic index which helps to relax blood pressure and is gentler on sugar spikes on your body. Well enough of the health stuff, enjoy them this week because they just taste so darn good, especially at this price!

JUMBO CAULIFLOWER

From USA.
 Only a week ago this item was almost priced higher than a piece of meat! Things have calmed down now, and in that time it gave the next crop a chance to size up to where we are today. They look amazing, as well as a more digestible price.

OUR NEW APPLE AND MAPLE CHICKEN SAUSAGES

This new sausage is on the leaner side being made with fresh ground chicken. We chop up finely dried apple, add some pure Canadian maple sugar and the result is a winner.

WHAT'S HAPPENING OUTSIDE?

First, the bad news, our vegetable grower is done for the season and has no stock left. The good news... we bought what was left and have a good inventory here to sell. In addition, we still have a fantastic variety of annuals and more to come. Come out soon, as the season seems to pass us so quickly.
